I love the way that nature sings  
In the wind and the water and all of these things  
I love the way that nature sings  
In the wind and the water and all of these things  
I love the way that nature sings  
In the wind...whooooosh...

Nature is really pretty  
Trees help us breathe  
Birds sing songs...tweet tweet...  
The rustling of the leaves

Water flowing  
Waves crashing in the sea  
Dogs howling...owwww...  
The buzzing of the bees

### **Chorus**

The wind whistles  
Owls hoot...hoot hoot...  
Stars twinkle  
The ants are mute

“Kaw B’Kaw”  
says the Cooper’s Hawk  
the moon shines bright  
and people talk...blah blah blah...

### **Chorus**
