

Dream Seekers
By Joe Reilly and the Dream Seekers Youth Group

(G/D/C)

We are Dream Seekers
We let our dreams come true
We follow our dreams
And we follow through
We are Dream Seekers
We seek our dreams
We are all related
We're on the same team

(G/Em/C/D)

Let's choose the good path
And walk in a good way
Be happy and grateful
And remember to pray each day
To say thank you and please
To the people and the trees
Let's take good care of
Ourselves and of our communities

I am a good citizen
I respect Mother Earth
I am a good sport
I support everyone's worth

(Em/Am)

Alcohol and drugs make you do things
You don't want to do
They could stop your heart from beating
And take away your dreams from you
They could take away your family
Your husband children or your wife
They will waste all of your money
They may even take your life

(G/Em/C/D)

I choose to make my life better
To eat whole foods for good health
To respect Mother Earth
Respect others and respect myself
I choose to say no to drugs
I choose not to drink or smoke
I choose to be a good person
And to laugh at good jokes
I choose to deepen my wisdom
I choose to increase my knowledge
To graduate from High School
And graduate from college.
